

## President's Message November 2018

Did you hold your breath on November 6<sup>th</sup>? Many did. Proposition 10- Californians said clearly and convincingly “We must maintain Costa Hawkins Rental Housing Act”.

No on Prop 10 was the industry position with approximately 62% of the voters making that decision.

Thank you for doing your part, whether it be fundraising, sharing the word with others and/or investing in this No on Prop 10 campaign. We did it!

Election 2018 is behind us. IREM's 2018 annual summit in Fort Lauderdale is behind us.

So, what's ahead of us at our chapter?

More ARM's

More ACoM's

More AMO's

More CPM's

More CSP's (Certified Sustainable Property)

More Students

More Diversity

More Next Gen

Regardless of what is behind or ahead of us-  
IREM continues to uphold the industry's highest ethics

IREM continues to add new chapters globally

IREM continues to be the education leader

Opportunities are plentiful- will you continue to and/or commit to adding value with IREM being a partner on your side?

This message is also my farewell message as your chapter President. It has been an honor to serve you and sincerely hope you will embrace the changes in the industry and continue striving forward.

Remember to support IREM Industry Partners as often as possible, along with IREM programs and initiatives such as:

\*Diversity

\*Foundation

\*CREATE

\*RPAC (Realtors® Political Action Committee)

Cheers to you all and please have a joyful holiday season and happy 2019!
