

IREM SF Luncheon

April 25th, 11:30a.m. – 1:30p.m.

E&O Kitchen and Bar ~ 314 Sutter Street ~ San Francisco

A REVOLUTION IN SECURITY SERVICES: *ADMs and the Real Estate Property Manager*

Network with your industry peers and enjoy lunch while learning about the next advancement in security with a live demonstration by Allied Universal. Humans are best at decision-making and situational analysis. When it comes to security, machines can excel at monotonous, computationally heavy, and sometimes dangerous work.

Allied Universal partners with Knightscope to provide advanced physical security technology to clients. The Knightscope Autonomous Data Machine (ADM or Robot) is a groundbreaking innovation in advanced anomaly detection.
